#### QUESTIONS AND ANSWERS:

(Questions were paraphrased for clarity.)

<b>Q1:</b>	<b>My firm currently holds a Class A – General Engineering Contractor License, but not Class B – General Building Contractor License. Do we meet the qualifications for this RFQ? Can the RFQ be expanded to include Class A Contractors?</b>
<b>A1:</b>	<i>Sorry, No. Please see Minimum Qualifications under Section IV – Evaluation and Selection Criteria, A. Minimum Qualifications (MQ's) starting on page 18 of the RFQ. This RFQ is specifically for Hazardous Materials Abatement contractors with Class B license. However, SF Public Works has a separate pool of environmental contractors with Class A license. Please contact the Contract Manager for more information.</i>
