October 7, 2026 |
|---|---|---|

Interested parties can view the Qualifications and Proposal Documents on Clark Construction's Bid Opportunity page on BuildingConnected at the following link:

<https://app.buildingconnected.com/public/5579ca47675b720a008b2c5a>

Please select the project titled "Powell Street Improvements Project"

See the BuildingConnected for more information on the project, and details on dates, times, and locations.

During the RFP phase, pre-qualified bidders will be required to provide a bid security for bids over \$100,000 in the form of a Bid Bond for 10% of the base bid value. Bids over \$100,000 will be required to include a 100% Payment & Performance Bond from a California admitted surety with an AM Best Rating of A-VII or better.

Responses to Request for Qualifications and Proposals are due no later than 3:00pm on the date listed above. Please visit the BuildingConnected link above for any applicable addenda or revisions to the due date.

Clark Construction is an equal opportunity employer and encourages bids from all subcontractors, including minority, small, veteran, disadvantaged, and women owned businesses.
